

K-LOVE has been providing very positive and uplifting music and words that I enjoy very much. The music calms and relaxes me when I drive, which I find very helpful, especially at the end of each work day. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, it would be a great loss to the community. The uplifting music with encouraging lyrics would not be readily available. Please keep K-LOVE on the air, so that the young people can receive the positive influence that they need nowadays. Thanks.
